

CEPAC® TILE

Where Excellence in Quality & Service Unite!

ROKKA 4" HEXAGON

<https://cepactile.com/product/rokka/>

Available in seven earthy shades, these 4" Hexagons are the perfect size to place anywhere you desire a clean, precise and sophisticated atmosphere.

RECOMMENDED AREAS OF USE

With regard to the durability of the bisque and glaze, this material is suitable for:

- All countertop applications - residential and commercial
- Fireplace surround, hearth and firebox
- Light commercial flooring applications and all residential flooring applications
- All interior wall applications - residential and commercial
- All exterior wall applications - residential and commercial including building facades, swimming pools, fountains, outdoor kitchens and regions that experience extreme weather conditions, subject to the method of installation

INSTALLATION METHOD

- Please refer to the TCNA handbook for installation method: <http://www.tcnatile.com/>
- Always inspect material prior to installation, for color, shade, size, mounting and any other deciding factors as installed material cannot be accepted for return or credit. Use signifies acceptance.
- Recommended Grout Joint: 1/8" or greater
- Material can be cleaned with any mild nonabrasive household cleaning product due to the chemical resistant nature of the glaze.
